

Automotive Vinyl Care Kit

Product Information

The Pellé Automotive Vinyl Care Kit is a two product system for cleaning, conditioning and protecting automotive vinyl upholstery – containing:

1 x Pellé Automotive Vinyl Cleaner (250ml)
1 x Pellé Automotive Vinyl Reviver (250ml)

Plus

1 x Pellé Cleaning Brush
1 x Application Cloth

The effectiveness and colour fastness of this kit has been proven using international standards - tested by New Zealand Leather & Shoe Research Association (LASRA) who operate under ISO 9002 & ISO/EMC 17025.

When used regularly, the Pellé Vinyl Care system has been shown to be effective in maintaining the appearance and feel of automotive upholstery.

Both components are easy to use, biodegradable and non-toxic..

Feature Benefits

- Industry leading Automotive Vinyl Cleaner and Pellé Automotive Vinyl Reviver (tested and approved by LASRA)
- No mess
- Non Toxic and Biodegradable
- Contains HealthGuard™ protection
- Recommended treatment every three months for private automobiles.
