

# Vinyl Cleaner

## Product Information

Pellé Automotive Vinyl Cleaner is specifically formulated to clean vinyl car upholstery – removing body oils, grease and dirt without damaging the upholstery.

The cleaning effectiveness and colour fastness has been proven using international standards - tested by New Zealand Leather & Shoe Research Association (LASRA) who operate under ISO 9002 & ISO/EMC 17025.

When used in conjunction with Pellé Automotive Vinyl Reviver these products provide a comprehensive Vinyl Care system that has been shown to be effective in maintaining automotive upholstery

This vinyl cleaner is easy to use, biodegradable and non-toxic. It also contains HealthGuard™ a full anti-bacterial, anti-fungal and anti-microbial agent which provides protection against mould and bacterial contamination.
