

Saddle Care Kit

Product Information

The Pellé Saddle Care Kit is a two product system for cleaning and revitalising waxed / oiled leather saddles and equestrian equipment (not suede or nubuck) – containing:

1 x Pellé Saddle Cleaner (250ml)
1 x Pellé Saddle Revitaliser (250ml)

Plus

1 x Foam Sprayer
1 x Application Cloth

The effectiveness and colour fastness of this kit has been proven using international standards - tested by New Zealand Leather & Shoe Research Association (LASRA) who operate under ISO 9002 & ISO/EMC 17025.

When used regularly, The Pellé Saddle Care system has been shown to extend the wear life and appearance of waxed oiled leather (LASRA 2013)

Both components are easy to use, biodegradable and non-toxic.

Feature Benefits

- Industry leading Saddle Care Kit comprising Pellé Saddle Cleaner and Pellé Saddle Revitaliser (tested and approved by LASRA)
- Proven to extend wear life and appearance of wax oiled leather (per LASRA 2013)
- No mess
- Non Toxic and Biodegradable
- Contains HealthGuard™ protection
- Recommended treatment every three months.
