

Pelle Stone Cleaner

Product Overview

Pelle Stone Cleaner is a gentle, biodegradable cleaner specially developed for sealed indoor stone surfaces. Designed for everyday use, it safely removes smudges, dust and light spills without harsh chemicals, leaving surfaces clean, fresh and streak-free.

Suitable for polished granite, marble, engineered quartz, stone benchtops and sealed indoor stone surfaces.

Not suitable for unsealed porous stone, outdoor paving or flooring, or raw concrete surfaces.

How to Use

Before You Start

Ensure surface is cool and dry

Remove loose dust or crumbs first

Always test on a small hidden area before first use

Use only on sealed indoor stone surfaces.

Spray Pelle Stone Cleaner directly onto the surface or onto a soft microfibre cloth.

Wipe evenly across the surface to remove dust, smudges, and light spills.

Buff dry with a clean cloth for a streak-free finish if desired.

For Best Results

Use regularly to maintain the natural beauty of stone surfaces.

Always use a soft cloth or non-abrasive sponge.

Wipe spills promptly to help protect sealed stone surfaces.

Test on a small inconspicuous area before first use.

Usage

Suitable for use on granite, marble, limestone, slate, natural & engineered stone.

Not suitable for polished, sealed or non porous surfaces or areas exposed to constant water.

Pelle products are thoughtfully developed and tested for use on a wide range of household surfaces. As materials and finishes can vary, we recommend testing on an inconspicuous area before full application. Always follow product directions carefully. Pelle accepts no responsibility for damage caused by misuse, incorrect application, or use outside recommended surfaces and guidelines.
