

Safety Data Sheet

Pelle Wood Polish

Product Overview

A nourishing, protective cream designed to restore shine and safeguard finished wood surfaces. Biodegradable formula enriched with conditions agents to leave a smooth, satin finish.

Our wood polish is a water-based ph~4.5 satin-finish product containing waxes/oils and siloxanes.

The results in a nourishing satin sheen which successfully camouflages fine scratches.

Benefits / Features

Water Based (PH ~4.5)
Eco-safe
Low Odour
Non Hazardouse
Smooth satin finish
No waxy buildup
NZ Made

Usage

Suitable for use on finished indoor wood (polyurethane, lacquer, sealed veneers).

Not suitable for use on raw, waxed/oiled, flooring or outdoor wood.

Not suitable for surfaces you plan to refinish.

Pellé products are thoughtfully developed and tested for use on a wide range of household surfaces. As materials and finishes can vary, we recommend testing on an inconspicuous area before full application. Always follow product directions carefully. Pellé accepts no responsibility for damage caused by misuse, incorrect application, or use outside recommended surfaces and guidelines.
