

# How to Use Guide

---

## Pelle Wood Polish

Daily Care for Finished Timber Surfaces

Pellé Wood Polish is a nourishing conditioning cream designed to restore lustre, enrich the appearance of finished timber and help protect surfaces from everyday wear. Its biodegradable formulation leaves timber looking refreshed with a smooth, satin finish.

---

## Before you begin

Always test in an inconspicuous area before full application.  
Use only on sealed or finished indoor timber surfaces.  
Do not use on raw, unfinished, oiled or outdoor timber.  
For best results, clean the surface first using Pellé Wood Cleaner.  
Always apply to a cloth, never directly onto timber.

---

## Usage

### Step 1: Ensure the Surface is Clean

The timber should be free from dust, dirt and residue before polishing.

### Step 2: Apply Polish to Cloth

Place a small amount of Pellé Wood Polish onto a clean, soft cloth.

A little goes a long way.

### Step 3: Work Into the Surface

Apply evenly across the timber using light, overlapping strokes.

Treat the entire panel or surface rather than isolated areas to ensure an even finish.

### Step 4: Allow to Settle

Allow the polish to sit for 2–5 minutes so the conditioning agents can penetrate and nourish the finish.

### Step 5: Buff to Finish

Using a clean, dry cloth, gently buff the surface to achieve a natural satin sheen.

### Ongoing Care Tips

Reapply periodically to maintain protection and appearance.

Increase application frequency on high-use surfaces such as dining tables and cabinetry.

Avoid placing hot items directly onto timber surfaces.

Wipe spills promptly to help preserve the finish.

### Recommended Care System

1. Clean with Pellé Wood Cleaner

2. Protect with Pellé Wood Polish

Used regularly, Pellé Wood Polish helps maintain the richness, character and beauty of finished timber furniture and interior wood surfaces.

Pellé products are thoughtfully developed and tested for use on a wide range of household surfaces. As materials and finishes can vary, we recommend testing on an inconspicuous area before full application. Always follow product directions carefully. Pellé accepts no responsibility for damage caused by misuse, incorrect application, or use outside recommended surfaces and guidelines.
